Dear Henry,

As a townhome owner in the Millridge Pines Townhome complex, I just wanted to thank you and your crew for the way you went about to repair our roof damage, which was the result of Hurricane Ike last September. My wife, Pat, and I were impressed with the professionalism of you and your crew and we very much appreciate the way your crew cleaned up at the end of each work day. We would highly recommend you and your company to others.

With kind regards,
